Excellent skill in motivating the members of a team and in mediating between them  
Good competence in working both as a member and a coordinator of a team  
Good teaching skills, with experience in the training of students and other healthcare professionals

Excellent use of Mac and PC systems, in particular **Office** Platform and **Osirix** (image processing software dedicated to DICOM images produced by imaging equipment, such as MRI, CT, PET/CT, ultrasound). Good knowledge of **GRADEpro** (software application to create, manage and share summaries of research evidence).

Involved as **reviewer** for "Arthritis Care&Research", "The Journal of Rheumatology", "Rheumatology International", "Clinical Rheumatology", "Swiss Medical Weekly".

Member of the **editorial board** of "Reumatismo", official journal of the Italian Society of Rheumatology (SIR).

Practical skills:

- 1) Very good knowledge of **intra-articular injection** techniques.
- 2) **Ultrasonography** experience: good knowledge of vascular US, intermediate knowledge of musculoskeletal US.

Member and co-founder, together with Prof. M.A. Cimmino, of the "**PET in vasculitis interest group**", a study group composed by rheumatologists and nuclear medicine specialists from Europe and USA, with the scope of standardize the role of PET/CT in the evaluation of large vessel vasculitis.
